Dear Sir

The Ship Indian being all ready for Sea. I wish you to make all dispatch for Lat 31 — Long 51 1/2 ~~Lon~~. where the Eben Dolby took 286 Bbls. and fail to leave on account of Leeway after Cruising in that Vicinity Two weeks or so I would work to the East. and soon drive the good Ship Indian South get your Boats ready and keep the best look out. I have told the boatsteerers that we cannot have any whales Missed. and having shipped Two Americans & One portuguese

forward all well Accounted I hope you will not Keep them In To the Injury of all Concerned I hope you will do all You Can for the Interest of the Owners You being a Larg one yourself I presume ade will be right I would advance the Men as little in port as I could help as they allways fill Jolt when they get Loose Instead of Money I should let them have Rum with wishing you a Pleasent and Successful Voyage I Am

Yours Truly

S. Hamblen Howland

P.S. Please Keep the Abstract of all your proceedings and Say where I shall Meet You with Letters

Dont Forget To offer Bounty for Sperm whales If Taken Should you be So fortunate as To See whales going out Send half better Man Two Boats well and Make Sure of Striking the whales

Abstract of Capt Weeks in the Lapwing Found Whales from March to last of April in Lat 26° to 30° South and Long 106° to 111° E after that moved to the N. a little as far as 23° from that to 26° Keeping in about the same Longitude until last of July then went in to King Georges Sound for Recruits which on leaving cleared to the East into the Bight on S. of W.A. as far as 125° East Dont think it makes much difference in Long it is good ground all along Stay about there until Last of Oct. then run round off Cape Leuwin Keeping land in sight part of the time when S.E. of it South of River Congo Coast of Africa a couple of degrees Sperm whales are found from July to Last of Sept.
